## Dear Partner,

Our values are our driving force, and in 2020 we will once again make the planet play!

### Hot Games

Cool, hot, beautiful and great games for all players; big and small, casual or party, are waiting for you at Blue Orange again this year!

And in particular: Taco Cat Goat Cheese Pizza and Cupcake Academy. Two games from our "Family games" range, which have everything to quickly become best-sellers for this first half of the year. The guarantee of having a great time playing as a family!

Our "Your favourites" range continues to be a constant success and is now firmly established in the gaming world. It obviously includes all our 2019 best sellers: Slide Quest, Dice Academy, Who Did It? and of course Kingdomino.

About Kingdomino, good news for all fans: The Kingdomino family is expanding with Dragomino, a version for children who are going to go in search of dragon eggs.

### Cool Planet

As an international publisher of board games, we are concerned about the ecological footprint our activity leaves on the planet. Since 2017 we have chosen to work with the French and Equatorial ONG [www.ishpingo.org](http://www.ishpingo.org), which aims is reforestation and preservation of Amazon rainforest ecosystems. In 2019, we planted 3,000 new trees, in addition to the 2,378 trees planted in 2018, so we have a total of 5,378 trees planted. In the meantime, as you certainly may know, we exchange the traditional new year gift with a donation to be chosen by all partners between two organizations : 10 trees for Ishpingo or 10 games for ADN France.

### Partnership

Working hand in hand with you is obvious. We set up the shared marketing services in 2019 which will be continued in 2020. Our teams are working more and more with each of you to identify your needs and help you communicate as much as possible about our games on your market.

### Excellence

Innovation is for us an investment that guarantees greater responsiveness and remains a founding value that cannot be separated from excellence. We are constantly monitoring new products and solutions.

We had the pleasure of getting new awards in 2019:

- Mr Wolf: Game of the Year in France
- Who Did It?: Game of the Year in Finland and nominated for the Game of the Year in France
- Planet: Game of the Year in Sweden
- Dr Eureka: Gold Pawn
- Kingdomino: Triple Gold Pawn
- Slide Quest : : Game of the Year in Poland

### Team spirit

We work together to meet your expectations as we foster team spirit internally since it is in our DNA. Blue Orange would not be the same company without the efforts of all employees! The fulfillment and investment of each is a priority for us and it is this balance that allows a qualitative response to your needs and satisfaction

Thanks for your support,  
The Blue Orange Team

P.S. : See you at Lisbon :) ----->
