- Illustrated Rules

The background features a stylized illustration of a multi-story house with a brown roof and several windows. To the left of the house, there are green trees. The entire scene is set against a light blue sky and a green grassy foreground.

Introduction

Fill your customer's orders before your competition! Pass the scoops back and forth between the cones, but be careful to not touch or drop them! Make sure you fulfill the order exactly like it looks on the card, or you'll lose the race, and the customer! The fastest and most gelato mixer will be the winner!

Object of the game

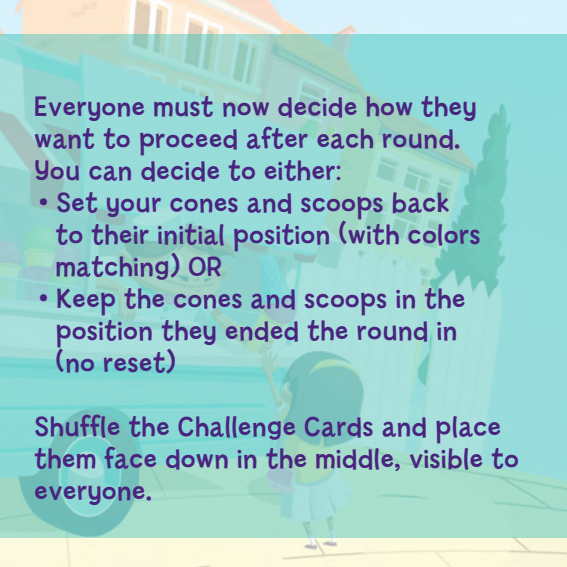

Be the fastest to fill your customers' orders, making sure to arrange your scoops and cones exactly as shown on the Challenge Cards.

Set up

All players take 4 cones and 3 scoops (one of each color) and set them up in front of themselves. Match the scoops to the cones of the same color, as shown in the example. (Note: The blue cone does not have a matching scoop)

Set up

The background features a stylized illustration of a two-story house with a brown roof and multiple windows. In the foreground, a young girl with dark hair, wearing a blue dress and a yellow headband, is seen from behind, reaching out with her right hand. The entire scene is overlaid with a semi-transparent teal rectangle that contains the text.

Everyone must now decide how they want to proceed after each round. You can decide to either:

- Set your cones and scoops back to their initial position (with colors matching) OR
- Keep the cones and scoops in the position they ended the round in (no reset)

Shuffle the Challenge Cards and place them face down in the middle, visible to everyone.

A stylized illustration of a city street scene. In the foreground, a large blue bus is partially visible on the right. To the left, a person wearing a blue dress and a yellow headband is walking. The background features colorful buildings in shades of orange, green, and blue. The overall style is bright and cartoonish.

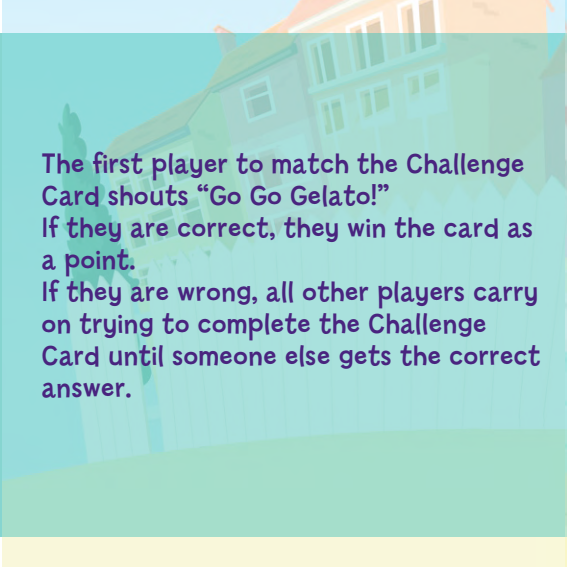

Playing the game

When everyone is ready, one person flips over the top card.

Race your opponents to match the Challenge Card by transferring the scoops from one cone to another, without touching the scoops or dropping them.

Important:

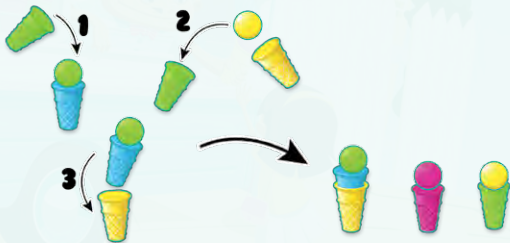

If you drop a scoop, you must pick it up using two cones, (not touching the scoop with your hand).

The background features a stylized, low-poly illustration of a house with a brown roof and multiple windows, set against a light blue sky. In the foreground, there are green, geometric shapes representing trees and a grassy hill. The overall aesthetic is modern and minimalist.

The first player to match the Challenge Card shouts “Go Go Gelato!”

If they are correct, they win the card as a point.

If they are wrong, all other players carry on trying to complete the Challenge Card until someone else gets the correct answer.

End of the game

The first player to
collect 5 points wins!
