## SET UP

- First, set up the game as indicated in the basic rules.
- Shuffle the 5 Common Objective cards from the base game, draw 1 at random and discard the 4 unused ones into the box. Place this objective face up in the center of the table.
- Shuffle the 4 "BRIDGE" cards, face down. Draw 2 at random and discard the 2 unused ones into the box. Place these 2 chosen "BRIDGE" cards face up near the Common Objective card: this pair becomes the second common objective of the game and can score you 10 bonus points.

## HOW TO PLAY

Each "BRIDGE" card indicates two metro stations on the Berlin map, connected by a section that crosses the river. During the game, you will have to try to draw the section represented on each of these two "BRIDGE" cards, in order to score 10 bonus points at the end of the game.

## FINAL SCORING

At the end of the game, if you succeed to draw each section shown on the 2 «BRIDGE» cards, regardless of the color of metro line used, you score 10 bonus points. To do this, check one of the two «+10» boxes in your scoring zone.

**Caution: drawing only one of the 2 sections shown on the "BRIDGE" cards does not score you any points.**
